| 10 | Student feedback mechanism on Institutional Governance/ faculty performance | <ul style="list-style-type: none"> • Feedback is regularly taken from the students of each class for each teacher in formal as well as informal manner. A formal feedback form is designed for student's feedback which helps in evaluating the teaching ability, knowledge, personality, punctuality and sincerity of the teacher. • Information received from the feedback forms are analyzed and the weak points of any faculty are discussed by the senior faculties and the Principal concerned. • Informal feedback for the teachers is taken from the students by the class counselors in the counseling sessions conducted. • The concerned faculty is counseled about the ways to overcome their lacuna by the HOD / Principal. • Further evaluation of the faculty is done periodically to check if remedial steps are taken by the teacher to improve upon. |
| 11 | Grievance redressal mechanism for faculty, staff and students | <p>The Grievance Redressal Cell has been formed for the faculty, staff and the students. The genuine grievances are attended by the managerial personnel at 3 levels for prompt action. Every care is taken to settle all the rightful and genuine claims of the employees as well as the students as per Institute's rules and regulations. Step ladder policy is followed. In this procedure, whenever an employee is confronted with a grievance, he presents his problem to his head of the division and in case of student to the class counsellor. If the employee/student is not satisfied with HOD'S/class counsellor's decision, he presents his grievance to the Principal. If the Principal also fails to redress the grievance, it is referred to Greivance Redressal Committee comprising of Management representatives and faculty or staff representatives. Management representatives are Managing Trustee, Principal and concerned HODs. Staff representatives are a co-faculty and head of the establishment section.</p> |
