## PARUL AROGYA SEVA MANDAL

Parul Arogya Seva Mandal was established in the year 1989 to serve the society and nation by providing medical facilities, education and employment. According to the founder Dr. Jayeshbhai K. Patel, education is the surest path leading to the empowerment of the downtrodden masses. This principle was the motivation for starting Medical, Paramedical, Engineering, Pharmacy and Management Programs in Vadodara, Rajkot & Ahmedabad. Dr. Jayeshbhai K. Patel established a huge campus spread over 100 acres. It is a verdant "Gurukul" offering variety of courses. Colleges of physiotherapy, homeopathic, ayurveda, pharmacy, management studies, hotel management and engineering and technology (degree and diploma) testify the multidisciplinary approach as far as education is concerned. It also offers full time master degree program in engineering from year 2009-10. To explore the endless avenues of knowledge and make education available to the inspiring youth, new colleges and courses are started as and when the need is felt. It is remarkable that the peak of success is reached with much wisdom and hard work in a short while. Dr. Jayeshbhai K. Patel's efforts are complemented by enthusiasm of Dr. Devanshu J Patel and it adds to the strong determination to go much ahead.

## PARUL POLYTECHNIC INSTITUTE

Parul Polytechnic Institute was originally established in year 2005. The institute offers Engineering Courses in different domains like Electronics & Communication Engineering, Mechanical Engineering, Computer Engineering & Information Technology. The courses are accredited by AICTE.

The institute possesses state-of-art infrastructure, with highly equipped laboratories & library.

## COMPUTER ENGINEERING & INFORMATION TECHNOLOGY DEPARTMENT

These branches were commenced in the year 2005. In a very short time span, departments became fully equipped in laboratories as well as other aspects. These Departments have stable and dynamic faculty members. Industrial Visits and Expert talks are included in our academic schedule by the management. We have developed computer Laboratories for different languages, with all required facilities. Different Softwares are loaded in computers like Turbo C,C++, JDK, VB, Oracle, and UNIX. Prime Focus is to make students aware of academic-industry interactions.

## VISION AND MISSION

To establish a "Gurukul Par Excellence" by making 'quality' the defining element of education. To transform the students in a way that will bring a new value system in their thought process, create and innovate newer things for the benefit of society as a whole.
